

Job Title: CA Fresher

Location: Koramangala, Bangalore

Department: F&A

Reporting To: Head F&A/ CFO

Experience: 0–1 year (CA Fresher)

Qualification: Chartered Accountant (CA)

About Integrum Energy:

Integrum Energy is a forward-thinking energy solutions provider committed to enabling sustainable and decentralized power. With a focus on clean energy, innovative financing, and community impact, we aim to redefine how energy is developed, deployed, and delivered across India.

Key Responsibilities:

1. Accounting & Bookkeeping:

- Manage daily accounting operations including journal entries, ledger scrutiny, and reconciliations.
- Ensure timely closure of books on a monthly, quarterly, and annual basis.
- Maintain accuracy of general ledger, including asset, liability, revenue, and expense entries.

Financial Reporting:

- Assist in preparation of monthly, quarterly, and annual financial statements.
- Ensure compliance with applicable accounting standards (IND-AS/IFRS).
- Coordinate with internal teams for accurate and timely reporting.

Taxation & Compliance:

- Ensure timely filing of GST, TDS, Income Tax, and other statutory returns.
- Support in tax assessments, audits, and liaising with tax consultants.
- Maintain compliance tracker and documentation for all statutory filings.

Audit Support:

- Assist in statutory, internal, cost and tax audits by preparing audit schedules and documentation.
- Implement audit recommendations and ensure internal controls are followed.

Candidate Profile:

- Recently qualified Chartered Accountant (CA), 0–1 year experience.
- Strong knowledge of financial concepts – IRR, NPV, cash flow analysis, P&L, balance sheet, etc.
- Proficiency in Microsoft Excel and PowerPoint.
- Exposure to financial modelling in renewable energy, infrastructure, or related sectors (preferred).
- Articleship experience in Audit, Financial Advisory, or FP&A is a plus.
- High attention to detail and analytical mindset.
- Strong communication skills and ability to work cross-functionally.

Why Join Integrum Energy?

- Be part of a high-impact team shaping India's clean energy future.
- Work on real-time projects with end-to-end exposure in finance, strategy, and sustainability.
- Opportunity to grow in a fast-paced, mission-driven environment with mentorship and learning.
